STUDENT ORGANIZATION FOR MEDICAL ETHICS!

Guest Speaker
Dr. Agnieszka Jaworska
Ph.D., Harvard
Associate Professor of Philosophy
Dilemmas Facing Caregivers in Alzheimer's Disease

S.O.M.E.
Student Organization for Medical Ethics

Many students think about the issues, but only S.O.M.E. care... The Student Organization for Medical Ethics!

Join us to get updated on many of the controversial and current medical ethics issues shaping the medical field and changing the way we think about medicine!

Listen to our prestigious guests from UCLA, UCR, Johnson and Johnson Medical and more!!

What we’re about

The Student Organization for Medical Ethics provides a forum for interested students to discuss the controversial issues of our day in a fun and exciting way. Topics to discuss are picked by the officers of the club and presented to the members who then discuss the inherent ethical implications.

Topics this quarter include Eugenics, Abortion, and The Ethics of Physicians’ Religious Beliefs on Patient Care.
